RAIL ANALYSIS SURVEY NORTH VIETNAM

IBM listings of the Rail Analysis Survey are prepared by NPIC for distribution on a periodic basis, based upon new mission inputs into NPIC.

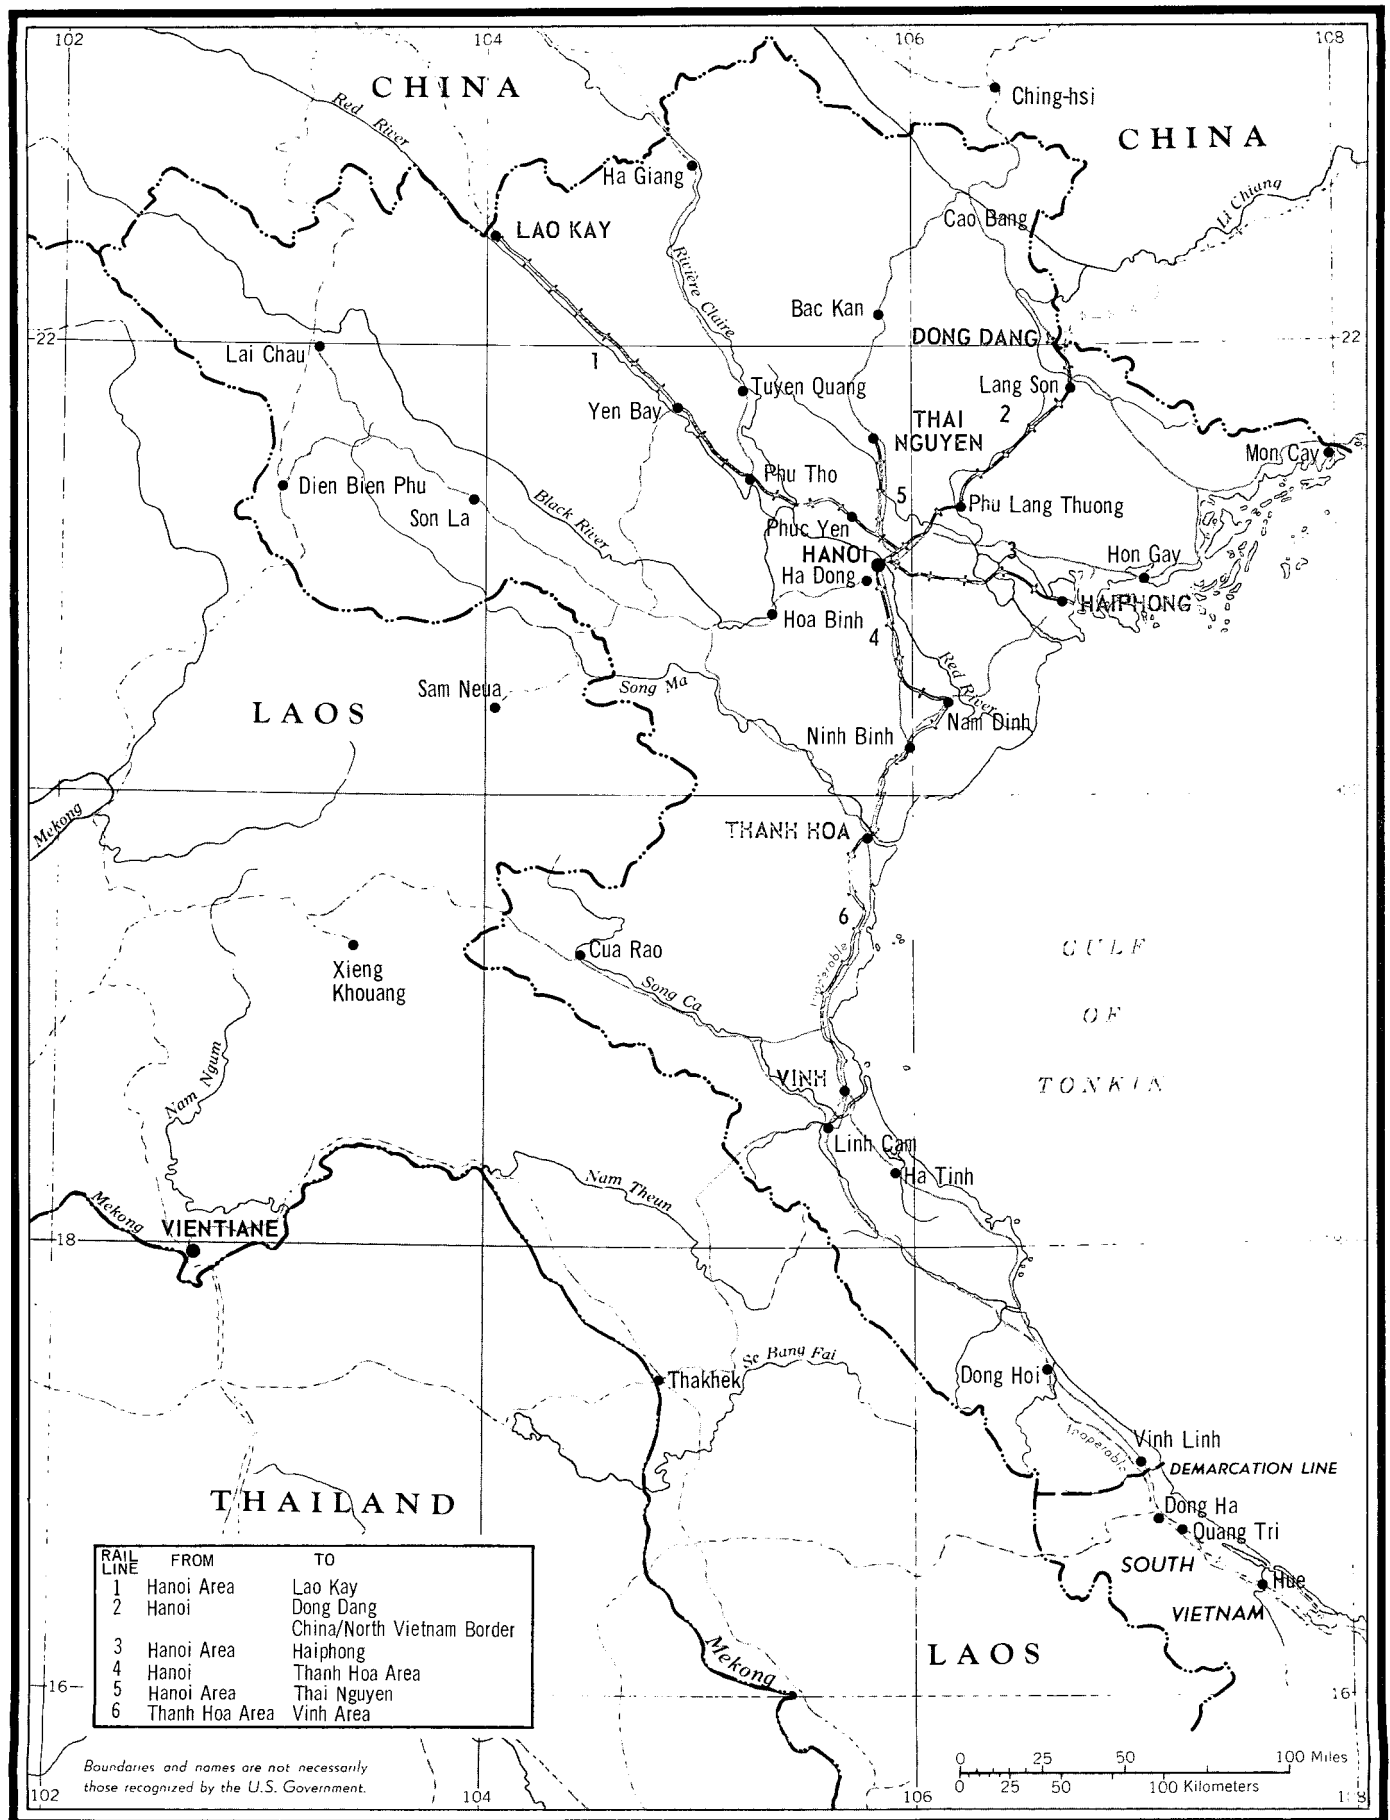

This listing is cumulative from 6 April 1964 and consists of three parts in the following sequence:

Date of Information Part I
Geographic Coordinates Part II
Rail Line Number Part III

All columns are labeled and are self-explanatory except for the rail line numbers which are explained in a separate key and are shown on a base map of North Vietnam. Both key and map are included in each publication.
